

Personalized support
to help you get started
and stay on therapy with
DUVYZAT™ (givinostat).

DEDICATED SUPPORT THROUGH ITF ARC

There's a lot to consider when your healthcare provider prescribes a new medicine. The good news is that ITF ARC is here to help. ITF ARC (Access, Resources, Care) offers support to you and your family. ITF ARC helps make insurance coverage navigation easier, helps address financial concerns, and encourages adherence to therapy.

Here are some of the ways ITF ARC may be able to help you access therapy:

Insurance navigation

- Insurance coverage benefits verification
- Prior authorization and appeal support, as needed
- Medication deliveries to home or preferred address

Education and adherence

- Personalized pharmacist support
- Translation services available as needed
- Education materials about how DUVYZAT™ (givinostat) may be able to help
- Coordination between families and healthcare providers, including refill reminders
- Patient support group resources

To experience the full range of services and support from ITF ARC, ask your healthcare provider to help you enroll in the program today.

We believe everyone deserves access to the treatment they need, regardless of their financial situation or insurance status.* That's why ITF ARC provides a variety of support options to address individual needs and ensure continuous access to therapy.

ITF ARC provides a variety of access and financial support options for eligible patients:

Copay Program

With our copay assistance program, you could pay **as little as \$0 per month** in out-of-pocket costs for those with commercial insurance whose health plan covers DUVYZAT™ (givinostat).

Patient Assistance Program

This program provides **medication free of charge to those who are eligible** and do not have insurance, or whose insurance does not cover their prescription.

Temporary supply programs

Our temporary supply programs help ensure patients have **access to treatment from the start** while waiting for insurance approvals or other processes to be completed. These programs help ensure you or your loved one get medicine without disruption in treatment.

*Each patient's eligibility for access programs is evaluated on an individual case-by-case basis. All programs are designed to comply with state and federal regulations. All programs may be modified or discontinued at any time for any reason, including eligibility criteria, state and federal laws, and program availability.

Restrictions apply. [See full restrictions](#) for ITF Therapeutics' Copay Program, Patient Assistance Program, and temporary supply programs.

**Have questions about ITF ARC or the status of your enrollment?
Contact a case manager at ITF ARC at 1-855-4 ITF ARC (1-855-448-3272).**

ITF ARC is committed to providing personalized support to help make starting and staying on therapy as prescribed as simple as possible.
